Available at the CIA Library is a photostatic copy of an undated tabulation of the value of the gross production of the sixteen industrial branches of East Germany. The tabulation is further subdivided into nationalized enterprises and privately owned enterprises of the sixteen branches. Figures are given for the years 1950-1953; planned figures for 1955 are also listed. The values for the gross production were calculated on the basis of constant values (Messwerte).

Attachment available at the CIA Library (1 tabulation in German, 1 sheet)
